

Robyn Moore

The
power
of the
word.

A highly entertaining, inspiring and thought-provoking speaker.

Robyn Moore is a multi-skilled Communicator who has been in the business of creating and changing peoples' perception through "the power of the word" for almost 30 years. She is Australia's most versatile and effective female voice-over artist and now regarded as Australia's top female Speaker.

Her voice is known in most homes in Australia from commercials, syndicated comedy and animation series seen in 70 countries, however few people will know her name. She creates all female voices on Australia's longest running radio comedy series "How Green Was My Cactus" and her voice on radio and TV commercials has sold millions of dollars worth of products for thousands of Australian companies. Robyn is an Australia Day Ambassador for the Australia Day Council, an Ambassador for the Australian Childhood Foundation and the National Patron for Make-A-Wish Foundation.

Now, she's speaking nationally and internationally at conferences, special events and training workshops and creating remarkable results! You could say she "sells people back to themselves" so they rediscover their energy, purpose, passion and their sense of humour. Her unique understanding of "the power of the word" allows her to profoundly affect her audiences. When she speaks...people listen...and take the action necessary to create the outcomes they want in their lives!

Robyn delivers keynote, breakfast and luncheon presentations, client "thank-you" presentations and staff workshops...however her corporate clients often book her to open or close their conferences! She is not a cliché "Motivational Speaker" (most people, if asked, would say they are already highly motivated) or a cliché "personality speaker" (big fees...little juice). Robyn's style is refreshingly authentic and Australian (her father was a stockman, drover and shearers'chef!). She creates a relationship with her audience which allows her to unfold communication skills beyond those generally being used in business or in education today...skills which help "clear the way" for the new thinking and communication required to create solutions in the challenging world of business...and in our personal lives.

Through humour, powerful stories and life-altering distinctions, she opens the way for:

- * self-motivation, integrity and breakthrough leadership
- * greater productivity and better results in less time for you and your staff
- * clarity in choosing what's really important in life
- * rediscovering passion, relationship and laughter
- * deriving greater satisfaction at work and at home by getting the "balance right"
- * dealing with difficult people and circumstances to create TEAM
- * celebrating and honouring our accomplishments and magnificence
- * "Life-altering" Communication (being bigger than our complaints in order to fulfil our desires)

Some Testimonials:

"The response to Robyn's presentation at our AMP Customer Service leadership day was rapturous. Robyn's ability to have us doubled over with laughter one minute, to pretending that we have something in our eye the next is - (in her words) - extraordinary. She is not a motivational speaker - she just simply 'is'. Her authenticity, real life examples and ability to 'get' where the audience is at, makes her a high value speaker. She has a love of life that is highly infectious. She moved us, inspired us and entertained us. She was the most consistently highly rated presenter on our evaluation sheet. One hour went very quickly - and she left us wanting more."

Catriona Byrne , AMP Communications Services Manager

"Robyn is by far the best speaker we have every had at a Conference. What a dynamic presentation. Robyn had the staff as a captive audience, one minute they were holding back tears and the next laughing hysterically. Everyone has commented on how the "Power of the Word" has affected them in some way either on a personal level or at work. I guess when you read a brief on a speaker and testimonials from others you perhaps think to yourself, is she as good as they say she is. Well our comment is "she is as good as it gets" ... "EXTRAORDINARY".

Bio Mediq DPC Pty Ltd. Annual Conference

"I found it to be the most stimulating, amusing and at times deeply moving opening presentation I have ever heard at a conference. And you are to be congratulated for an absolutely superb effort...your message and the way it is presented to an audience is quite outstanding. One of my many roles currently is as Chairman of the Lonsdale Limited Board and it was terribly important from a Lonsdale perspective that the conference got off to a positive start and your presentation succeeded in absolutely every way in doing that. Over the remaining 3 days of the conference there were many references to your session and even now I often reflect on many of the things that you said that day".

"Robyn was brilliant – as one delegate wrote she was beyond brilliant. Robyn captured our imagination, opened up our minds and by the end of the conference had won our hearts."

"I thought I was immune to motivational speakers. I have sat through a parade of business gurus, sports people, adventurers, overseas experts and none of them held any relevance to me. You spoke well, you were human, you were funny and you made a difference to me."

Manager Arts & Leisure Services

"Over the years I have had the pleasure of working with many guest speakers but I can honestly say the impact you had with our audience was one of the most powerful I have ever seen."

"Congratulations! You are one of the most talented speakers I have seen for years. You have brilliant skills and use them wonderfully."

“Excellent. Without a doubt Robyn is the best public speaker I’ve heard in years!! Robyn’s ability to link with her audience, her use of humour, the ability to tap into people’s emotions and her unique style create the very definition of “Edutainment”. Fun, humorous, touching, provocative, stimulating...these are just a few of the adjectives I would use to describe her.”

Nicholas Antuar
National Training Consultant, Telstra

“Robyn’s breakfast sessions have been the most successful sessions to date. Robyn’s perceptive abilities enabled her to listen carefully to our requirements and visualise how she could tailor her product to suit identified outcomes. The result was a sensitive, stimulating and thought-provoking presentation, evoking in audience members a range of responses rarely seen at such occasions. The feedback from participants was overwhelmingly positive with many saying they experienced significant cognitive and attitudinal shifts, both personally and professionally as a result of both the content and the style of Robyn’s presentation.”

“You drew on an amazingly wide range of skills from the performing arts, including mime, mimicry, rhetoric and character acting, to engage and captivate your audience. All delegates, local, interstate and overseas, were fulsome in their praise. Many, when asked to evaluate the contribution of the overseas speakers, wrote instead in praise of your work.”

Mick Sheehan
Conference Convenor
Australian Secondary Principals Association

“I particularly enjoyed the opening session with Robyn Moore. Robyn was inspirational and sincerely passionate in her points of view. So very refreshing after having sat and listened to many “motivational” speakers from the other part of the Pacific. Robyn’s easy going manner put the entire audience at ease and you could clearly see they were enthralled.”

“Thank you so much for your wonderfully entertaining, funny and inspiring presentation at this years Macquarie Bank Womens’ Cocktail Function. We laughed and laughed, were reflective and had tears in our eyes, one after the other. It was an experience that touched us where it mattered, both lightening the load and raising our awareness of being “in life”. To quote one of the young women present, “I need a dose of Robyn every six months”, and judging by the comments I have received that would appear to be pretty much the view of all who attended. If this was a report card I would have to say “highly recommended”!

Julie Hasan
Division Director, Macquarie Bank

“Thank you for your inspiring and challenging sessions at our conference. You have a unique ability to take people from laughter to deep reflection to tears with a message that I am sure will generate positive action. People since, have been quoting you which shows that you have inspired people to take action in their lives. This is no mean feat and a direct reflection on your skills and reach as a presenter”
