Under Eight's Week is a sub committee of Early Childhood Australia QLD Branch Inc.

# "Celebrating Young Children as Mathematics Learners – New Ways for New Times"

**FREE PROFESSIONAL DEVELOPMENT OPPORTUNITY**  
Certificate of Attendance will be issued

**SATURDAY 20 MAY 2006**

**10.00am – 12.00pm**

For many years now, we have become aware that young children are capable of developing quite abstract mathematical thinking. However, children need to be engaged in mathematically significant learning to build on their intuitive understanding. The focus of this session will be on ways of developing young children's number understanding with representations and strategic thinking. It will be presented by Ann Heirdsfield a very experienced early childhood teacher and mathematics lecturer from the School of Early Childhood QUT.
